"THE SECRET IS NOT TO FIND THE MEANING OF LIFE, BUT TO USE YOUR LIFE TO MAKE THINGS THAT ARE MEANINGFUL" - JAMES CLEAR

"Patrick Henry stated, "Adversity toughens manhood, and the characteristic of the good or the great man is not that he has been exempt from the evils of life, but that he has surmounted them." In the world today, our students are facing various stages of difficulties and challenges socially and personally.. We want to grow our students in all areas of their lives starting with our Mustang Men.

There is not a single moment when a boy "becomes" a man, but it is a gradual process of development and maturity. This journey is marked by acquiring responsibility, self-awareness, and demonstrating qualities like courage, compassion, and trustworthiness. Dr. Brattain along with several of our male teachers are meeting with our young men weekly to help guide and mold them. Together, we can build strong relationships and help our students become accountable, contributing members of society.

HOJA INFORMATIVA

"EL SECRETO NO ES ENCONTRAR EL SENTIDO DE LA VIDA, SINO USARLA PARA CREAR COSAS QUE TENGAN SENTIDO." - JAMES CLEAR

Patrick Henry afirmo: «La adversidad fortalece la hombra, y la característica del hombre bueno o excepcional no es que haya estado exento de los males de la vida, sino que los ha superado». En el mundo actual, nuestros estudiantes enfrentan diversas etapas de dificultades y desafíos, tanto sociales como personales. Queremos que nuestros estudiantes crezcan en todas las areas de sus vidas, comenzando por nuestros Hombres Mustang.

No hay un solo momento en el que un nino se "convierte" en hombre, sino que es un proceso gradual de desarrollo y madurez. Este camino se caracteriza por la adquisicion de responsabilidad, autoconciencia y la demostracion de cualidades como la valentia, la compasion y la confianza. El Dr. Brattain, junto con varios de nuestros profesores varones, se reune semanalmente con nuestros jovenes para guiarlos y moldearlos. Juntos, podemos construir relaciones solidas y ayudar a nuestros estudiantes a convertirse en miembros responsables y contribuyentes de la sociedad.
